

Explo

You belong here this summer.

Junior Programs: Rising Grades 6–7

At EXPLO, curiosity is our engine. Learn how to turn an idea into a successful business. Write code to control robots. Discover the tools and techniques of doctors, researchers, and investigators. Work with real animals and models at an animal hospital. Explore a new kind of summer.

EXPLO 360°

REGIS COLLEGE, MASSACHUSETTS

- Choose 2 workshops + 3 electives from 50+ topics ranging from Hovercraft Physics to Designing a Graphic Novel
- Daily activities, events + weekend trips

What activities excite you most? Do you want to design wearable tech, create a hit song, or learn how spies communicate in secret codes? Combine the fun of summer camp with learning things that surprise you—and meet new friends from around the world.

Session 1

Sleepaway: June 30–July 19

Come for the Ultimate Day, or stay for the Sleepaway

Either way, you'll pick new activities each day for a summer to remember.

10 choices each weekend

Options have included amusement parks, aquariums, an MLB game, indoor skydiving, and more.

Rest easy

Build more independence in a supportive environment. Stay in a dorm with your new roomie, build friendships with the kids in your living group, get support from two live-in advisors, and pick your daily activities. EXPLOR Sleepaway experiences offer the best staff-student ratio out of any campus-based summer program (1:4). We have almost 50 years of experience planning overnight programs and offer a 24/7 health center and Student Life staff.
