

Explo where the bright shine

Prepare for a future that takes you places

PRE-COLLEGE PROGRAMS

GRADES 10–12

Research and develop a theory of happiness. Network with global entrepreneurs. Run lab tests. Tour the halls of the British Parliament. At EXPLO, you'll discover, explore, and dig deep into your interests, preparing for a successful college experience—and life. Visit schools like Berkeley, Harvard, Boston University, or Oxford, get admissions counseling, and more, with a staff-to-student ratio of 1-6.

FIND YOUR SPARK

EXPLO 360°

Have a lot of interests but want to find your focus? Explore a combination of areas like STEM, law, business, psychology, humanities, and the arts. Discover which subjects really light you up—and get a taste of college life.
